Resource Allocation Workshop (RAW) II Arkansas Brief Out

*November 4-5, 2013
N. Little Rock, Arkansas*

Participants

- ADEM
- Oklahoma
- Missouri
- FEMA
- American Red Cross
- US DOT
- Corps of Engineers (Little Rock)
- NORTHCOM
- ARMY North
- Arkansas Highway and Transportation Department
- Arkansas Department of Health
- Domestic All Hazard Response Mission (Texas)

Topics of Discussion

- Baseline Resource Gaps – USAR, Rotary Wing, IMT, EOC Mgmt Team, EMAC A-Teams, Building Inspection Teams, HazMat, DMAT, Ambulance Strike Teams, Swift Water Rescue, Etc.
- Coordination in Planning
- The way ahead with IERSP
- Plan De-confliction
- Possible issues with MASS
- Federal Medical Station (FMS) and Strategic National Stockpile (SNS) coordinating and developing plans

Issues Resolved

- Louisiana National Guard will support Arkansas
- Arkansas will go with typed resources and capabilities that fall within the baseline list.
- Bridge inspection trucks (SNOOPER)
- FEMA LOG has deals in place to stage fuel at LRAFB, this will help with problems regarding fuel shortages

Issues Pending Resolution

- We still have resource gaps
- Planning regarding supply chains (for example to support FMS, aero medical evacuation, etc).
- De-conflicting resources
- Mass evacuation vs. pushing resources in to the affected area
- When can evacuee's return to the affected area (planning)
- FEMA Ambulance Contract and pulling from impacted States
- Identification of needed generators (size, type, etc)

Additional Clarification/Information

- Clarify and finalize deadline for associate States to share data with the Federal, DoD, impacted States and private sector partners.
- How will we incorporate States not using MASS?
- Is it feasible for ESF's to have login's to MASS?
- What is the correction process for MASS, which will allow mission ready packages (MRP) to be directly imported?
- When will additional training be available for MASS specifically with regards to supporting States.

Status of Resource Needs

- Obtaining status is still a work in progress
- Arkansas National Guard resource needs will be filled by 12 different States/Territories

Additional Comments

- There is a critical need for State EMA and National Guard to communicate on resource needs
- National Guard meets annually to discuss resource allocations

A wide-angle photograph of a rural landscape. In the foreground, a dirt road curves from the bottom left towards the center. To the right of the road is a lush green field, and to the left is a brown, tilled field. In the background, a line of trees stretches across the horizon under a sky with scattered white and grey clouds.
