

Register of Deeds & FEMA Flood Maps Workshops

Friday, October 3rd, 2008

Workshops are free and will be held at:

Town of Collierville
500 Poplar View Parkway
Collierville, TN 38017

SHELBY COUNTY REGISTER OF DEEDS

10:00 AM

presented by Tom Leatherwood

Tom Leatherwood is the current Shelby County Register of Deeds. As Register, Tom has digitized records and implemented a web site which includes public property records, aerial photos and genealogical data.

Tom will discuss how to best utilize this website. Class will be approximately one hour.

GIS WORKSHOP: FEMA'S FLOOD MAP MODERNIZATION TRAINING

1:00 PM

presented by

Suzanne White, GIS Analyst,
OIR GIS Services State of Tennessee
(approved 1.0 CEU)

The Tennessee Base Mapping Program (TNBMP) has developed products to support the Building Officials, Engineers and Planners of communities. This includes products such as the Digital Flood Insurance Rate Maps (DFIRM). This workshop will cover an overview of the Flood Map Modernization program, an explanation of the DFIRM product, and the status of data development in Tennessee. Additionally, guests will be trained on how to use the Flood Hazard Areas in spatial analysis as well as how to access the DFIRM data.
